What is included in the Powerbox 10 package?

Built to power all your passions, the Power Box gives you the freedom to use one battery to power many things. Package includes the Powerbox 10 with a 12V 10Ah Dakota Lithium battery, 50w Fast-charge solar panel, and 12V LiFePO4 wall charger. Buy in monthly payments with Affirm on orders over \$50. Learn more
Need tons of power?

What batteries do I need for my solar system?

We have 24V and 48V lithium solar batteries to fit you with the right system for your solar application! BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

Can solar power be stored in a battery?

Existing solar systems typically have solar inverters, which change the DC power produced by panels to AC power that can be consumed in your home or exported onto the grid. But if you want to store that AC power in a battery, it needs to be inverted again to DC power.

How many lithium batteries can a hybrid inverter stack?

Stack up to 9 Lithium Batteries per system! Just give our office a call and ask about adding more power storage. Delivering 10,000W of rated power output, this rugged pure sine wave hybrid inverter is capable of pairing with either GEL or LI batteries. Dual MPPTs provide 99% efficiency. Provides 120V and 220V output power.

For longer expeditions solar panels can quickly be connected to the binder posts, providing you with dependable power. All built in a water/shock resistant case. 12v Dakota Lithium LiFePO4 ...
