---

With dual-glass construction and integrated anti-PID technology, the module resists performance degradation in harsh conditions such as high humidity or saline exposure. This ensures long ...

JA D30 Series bifacial modules are assembled with 11BB PERCIUM cells in half cut configuration with glass on front and back. D30 series modules ...

Sunpal's PERC BiMAX5 bifacial double glass solar panels are designed for minimal maintenance, thanks to their durable double-glass construction and high-quality materials.

JA 540W Bifacial module, distinctive double glass approach replaced the standard backsheet on the module with two 2.0 mm tempered glasses that allows sandwiching of solar cells for ...

This is the PERC 182mm monocrystalline bifacial dual glass solar panel, power range from 540w to 560W, and the maximum conversion efficiency can reach 21.68%. The front glass is 2.0mm, ...

540W bifacial solar panel with HJT technology and dual-glass durability. 24.20% efficiency, black-frame design, and up to 90% bifaciality.

Encased between two layers of tempered glass, this panel provides exceptional mechanical strength and environmental protection. The dual-glass architecture enhances resistance to ...

This is the PERC 182mm monocrystalline bifacial dual glass solar panel, power range from 540w to 560W, and the maximum conversion efficiency ...

For Wholesale, please contact [sales@solarmastertechnology](mailto:sales@solarmastertechnology) or whatsapp +86-15251587080 for more discount.

JA D30 Series bifacial modules are assembled with 11BB PERCIUM cells in half cut configuration with glass on front and back. D30 series modules have a slightly larger footprint than D10 ...

## 540w double glass panel
