HELIOS is ROXBOX's solar division, specializing in portable, containerized, solar-powered energy and cold storage solutions. Our proven HELIOS Solarator(TM) products are mobile, ...

It is a self-contained, "plug-and-play" solution where all essential components are meticulously integrated, wired, and tested in a controlled factory environment. This eliminates the ...

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained insights into contemporary solutions involving ...

This system accommodates a range of container sizes and integrates seamlessly with several types of horizontal transport equipment, ensuring automation, safety, security, and integration ...

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Whether deployed as a standalone microgrid or part of a larger portfolio, our containerized systems ensure rapid installation, guaranteed reliability, and the resilience needed for extreme ...
