Developed by UK-based ContourGlobal, the Quillagua plant is expected to become one of Chile's largest solar and storage projects ...

One of the largest battery storage projects in South America is being built in the Chilean Atacama desert.

Developed by UK-based ContourGlobal, the Quillagua plant is expected to become one of Chile's largest solar and storage projects once fully operational. The installation ...

Spanish renewables developer Zelestra has signed a long-term power purchase agreement (PPA) with gas provider Abastible for a ...

The site, the first solar-plus-storage project built from scratch by Engie Chile, will feature 208 lithium-ion battery containers. Engie Chile ...

In the Atacama Desert, the driest in the world located in northern Chile, the only Concentrated Solar Power tower in Latin America operates, a symbol of an energy revolution ...

Spanish renewables developer Zelestra has signed a long-term power purchase agreement (PPA) with gas provider Abastible for a solar-plus-storage plant in Chile.

The site, the first solar-plus-storage project built from scratch by Engie Chile, will feature 208 lithium-ion battery containers. Engie Chile wants 3.5 GW of installed energy ...

Priority funding is directed toward integrated solar-plus-storage demonstration projects in the Atacama Desert, aiming to accelerate the energy transition in northern Chile. The Atacama ...

Discover how solar and storage projects by Zelestra are shaping Chile's grid, enhancing reliability, and driving Chile's energy ...
