Why are emergency supplies stored on heavy-duty Metro racks?

For quick deployment in an orderly fashion, and to save time when it matters most, emergency supplies are stored on heavy-duty metro racks. Some features of our containers are:

What are ready America emergency response & disaster relief containers?

Ready America customizes and delivers Emergency Response & Disaster Relief Containers nationwide. They are custom retrofit Grade A containers that offer secure storage of critical supplies. For quick deployment in an orderly fashion, and to save time when it matters most, emergency supplies are stored on heavy-duty metro racks.

How does a command center work?

Each command center includes encrypted radios, satellite connectivity, and IT racks with firewalls and secure storage. Your team can maintain real-time situational awareness while keeping sensitive operations protected. We offer operator training, preventative maintenance, and remote diagnostics to keep trailers fully operational.

What is a two tier command center?

Maximize your SUV's organization with this rugged two-tier command center. Featuring 2 open cubbies and 1 locking drawer, it offers quick access to gear while keeping valuables secure. Built from durable, recycled HDPE material and topped with either rubber or carpet surface, this unit is ideal for tactical, professional, or recreational use.
