With the great quality of double throw breaker at an affordable price, you're definitely in for a treat. Lucky for you, you can buy double throw breaker on Shopee at a discounted price!

What is a single throw breaker?

A single throw breaker is the same as a single wire breaker. Now, the amount of wire required to handle a single-row row wakeraker will depend on the actual load. As mentioned above, licensed electricians recommend using a single-conductor breaker. A single-thread breaker is a type of breaker that can handle up to 240 Volt circuits.

Why should you buy a double throw breaker at Shopee Mall?

Shopee Mall has your favorite brands on sale right at your fingertips. Plus, online shopping is now made safer and more convenient with Shopee Guarantee. This ensures that the seller only gets your payment once you have confirmed receipt of the package you ordered. Now there's nothing to think twice about when buying double throw breaker!

Should a two-throw breaker be connected to a sub breaker?

As a general rule, it is to connect a two-throw breaker in order to prevent the breaker from being used to handle larger volts, as well as for larger voltage requirements, it can be selected. A single breaker is essential, as it will connect to a sub breaker with a total current output of 240 volts.
