What is a 20 port USB-C charging hub?

20 Port USB-C charging hub, in schools, businesses, or organizations for hi-power charge and sync functions, a great in-house tool to charge mobile devices.

What are the different types of USB wall chargers?

Charging Plug: Support plug specifications all over the world. What we wholesale most is the US specification and the EU specification. GaN Charger: The latest GaN technology makes the charger smaller and less heat. These USB wall chargers are UL, CE, KC, PSE, SAA RCM certified, which ensures higher quality and safer charging.

How much power does a USB PD hub provide?

With support for USB PD 2.0 /3.0, and Quick Charge 3.0, each port can deliver up to 27W of power, making it perfect for charging devices quickly and efficiently. The hub automatically detects when a device's battery drops below 90% and recharges it, ensuring that your equipment is always powered and ready to go.
