Where are glass sunrooms made?

Glass sunrooms for our Canadian customers are produced at our world-class manufacturing facility in Vaughan, Ontario, just north of Toronto. Our Canadian team handles every aspect of your patio enclosure order, from manufacturing to installation. We'll make sure you're satisfied every step of the way.

What can a glass sunroom do for You?

Imagine a glass sunroom that allows you and your family to spend more time outdoors. Enjoy breakfast outside, send your children out to play, and entertain friends--even when the weather is cool, wet or windy.

What is a Lumon glass sunroom?

Create a hub for your home where you can stay cozy and comfortable. A Lumon glass sunroom is an all-occasion room for relaxing, entertaining, working and simply sitting down together. Our frameless retractable glass is our most stunning and elegant terrace option. All of our sunrooms are fully customizable to suit your own personal style and needs.

Is insulated glass a good choice for a sunroom?

Comprised of two panes of glass, insulated glass is a popular choice for extending the seasonal use of your sunroom. It will also improve your heating and cooling performance over single-pane glass.
