-----

Italy has taken a major step forward in its energy transition efforts, giving the green light to 361 MW of new battery energy storage systems (BESS) spread across three ...

GSL Energy offers customized lithium battery storage solutions designed specifically for the Italian market--helping you store solar power, reduce grid reliance, and achieve greater energy ...

This month we speak to Marco Petrone, CEO of Telis Energy Italy, about the role of Battery Energy Storage Systems (BESS) in fast-tracking the future of energy in Italy.

The Italian Battery Storage market is exciting and attracting interest globally. The rapidly growing demand and grid instability in high ...

Italy awarded all 10 gigawatt hours of the capacity it tendered in its first battery storage auction, recording an average price well below the cap set by the regulator, the CEO ...

Italian companies excel in these areas: Companies like SunContainer Innovations specialize in hybrid systems combining solar panels with lithium-ion batteries. Their flagship product, the ...

A sun-drenched Tuscan vineyard using solar-powered lithium-ion batteries to store energy for nighttime irrigation. That's not sci-fi - it's 2025's Italy.

Tesla's new Sardinia project (June 2024) showcases hybrid systems combining 4-hour lithium batteries with 30-minute supercapacitors. This "double-layer" approach handles both daily load ...

As Europe increases its capacity to produce energy from renewable sources, it needs to develop battery storage systems able to release power when solar and wind energy ...

Discover GSL ENERGY's Italy battery energy storage projects, from wall-mounted home solar batteries to large-scale commercial & industrial ESS. CEI-certified solutions, long lifespan, and ...
