When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Who is building a solar power plant in Mozambique?

The Spanish group TSK has won the contract to build the Cuamba solar power plant in the Niassa province of Mozambique.

Why is Mozambique acquiring 25-30 MW of solar PV?

The procurement of 25-30 MW of solar PV is the first stage of implementation of the program which will contribute to the diversification of Mozambique's power mix and improve power supply quality, whilst ensuring low-cost energy for Mozambican end users

Is battery storage a key technology for Mozambique's future?

Globeleq sees battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.

Mozambique's Ministry of Mineral Resources and Energy has launched a tender aimed at expanding decentralized solar photovoltaic and battery energy storage systems across several ...

This info session aims to brief developers, independent power producers, financiers, and other stakeholders about upcoming solar and energy ...

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district.

Discover how Mozambique's new solar and battery storage tender is transforming its energy sector. Learn about the GET FiT ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility ...

The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a

new tender for decentralized solar photovoltaic (PV) and battery energy storage ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and ...

Discover how Mozambique's new solar and battery storage tender is transforming its energy sector. Learn about the GET FiT program, ambitious targets, and key opportunities ...

Mozambique's Energy Regulatory Authority (ARENE) has launched a tender for the development of hybrid minigrids that integrate solar power and battery energy storage ...

This info session aims to brief developers, independent power producers, financiers, and other stakeholders about upcoming solar and energy storage tenders in Mozambique under the ...

In July 2024, Mozambique's Ministry of Mineral Resources and Energy (MIREME) initiated a significant tender for the development of ...

Summary: Mozambique has launched a groundbreaking photovoltaic energy storage project to address energy shortages and accelerate its renewable energy transition. This article explores ...
