This part of IEC 61000 standard defines the immunity test methods and range of preferred test levels for electrical and electronic equipment connected to low voltage power supply networks ...

AJ's Power Source Inc. designed this Product Line to meet all Power Supply Standards including the military, aerospace, industrial, commercial & telecom standards.

Whether you are planning power supply production for U.S. markets or international markets, we will help you from start to finish with your compliance and certification needs.

In this blog post, we will explore what certification and compliance mean in the context of outdoor portable power stations and why they are crucial for ensuring trust, safety, and performance.

Manufacturers have been required to comply with the U.S. Department of Energy (DOE) energy conservation standards for external power supplies since 2007.

This information will be analyzed to see what impact PFC has on the power supply's power consumption and whether any special allowances for power supplies with PFC are needed ...
