Solar's role is set to expand this year, with the Ras Laffan and Mesaieed solar plants (875MW combined) ready to come online imminently (MEES, 19 July 2024).

Doha, April 27 (QNA) - The State of Qatar is undergoing a significant transformation in its energy sector since 2022, with the launch of Ras Laffan and Mesaieed solar power plants on Monday.

One of Qatar's flagship renewable energy projects is the Al Kharsaah solar power plant west of Doha. With a production capacity of ...

Doha, April 27 (QNA) - The State of Qatar is undergoing a significant transformation in its energy sector since 2022, with the launch of Ras ...

QatarEnergy partners with Samsung in building one of the world's largest solar plants in Dukhan, expected to begin generating ...

Looking ahead, Qatar has already announced its largest and most ambitious solar project yet - the Al-Dhakhira Solar Power Plant, with ...

Spanning 27km²--equivalent to 3,790 football fields--the massive site will be fitted with 2.74 million solar panels. Upon completion in 2030, the plant will generate enough ...

Looking ahead, Qatar has already announced its largest and most ambitious solar project yet - the Al-Dhakhira Solar Power Plant, with a planned capacity of 2,000 megawatts. ...

QatarEnergy partners with Samsung in building one of the world's largest solar plants in Dukhan, expected to begin generating energy in 2028.

Between 2021 and 2024, QatarEnergy began a calculated pivot into solar energy, driven by the Qatar National Renewable Energy Strategy (QNRES). The strategy was clear: leverage ...
