We are pioneers in integrating personalized photovoltaic glass into the very fabric of your curtain wall, marrying aesthetic elegance with unparalleled energy efficiency.

By redefining architectural norms and integrating sustainability into design, solar photovoltaic curtain walls offer innovative solutions to modern energy challenges.

Transparent photovoltaic glass curtain wall is an innovative product that combines solar power generation technology with building curtain walls. It ...

Experience effortless solar control with WICSOLAIRE, that seamlessly blends aesthetics, durability, and sustainability. Designed to enhance building efficiency while preserving natural ...

They are constructed from glass and CdTe, thin film solar panel is generally used for its superior performance at vertical angles and in shade. The multilayered materials in BIPV also enable it ...

Ravaioli offers customised wood solutions to cover the facades of urban buildings with sunshades and other architectural elements to protect ...

Experience effortless solar control with WICSOLAIRE, that seamlessly blends aesthetics, durability, and sustainability. Designed to enhance ...

The YKK AP ThermaShade® system is designed to improve comfort and lower energy consumption by decreasing solar heat gain. Designers now ...

The YKK AP ThermaShade® system is designed to improve comfort and lower energy consumption by decreasing solar heat gain. Designers now have a solution that can be ...

Onyx Solar's photovoltaic solutions for curtain walls and spandrels combine energy generation with sleek architectural design. These systems transform traditionally unused building surfaces ...

Ravaioli offers customised wood solutions to cover the facades of urban buildings with sunshades and other architectural elements to protect against direct sunlight on exterior walls or in interior ...

The Solar Innova modules of photovoltaic integration technology used in the BIPV installations are multifunctional. That is, in addition to generating electricity, they also meet all the requirements ...
