Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water ...

This all-in-one system combines energy storage, inverter, cooling, and smart management in an IP54-rated cabinet. It supports grid dispatch, peak ...

This all-in-one system combines energy storage, inverter, cooling, and smart management in an IP54-rated cabinet. It supports grid dispatch, peak shaving, and renewable integration while ...

The solar power battery backup is flexible and powerful and designed for critical applications. It features advanced monitoring and control capabilities and multiple input and output options.

This all-in-one containerized system combines an LFP (LiFePO4) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, and an intelligent Battery Management ...

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Designed for solar power plants, this innovative solution combines advanced Lithium battery storage technology with a high-performance 500kW Hybrid Inverter. Featuring a modular and ...

It includes inverters, battery trays, racks, Battery Management System (BMS), Microarid controller, HVAC, fire suppression, islanding switch, and an outdoor-rated enclosure.

It includes inverters, battery trays, racks, Battery Management System (BMS), Microarid controller, HVAC, fire suppression, islanding switch, and ...
