Powerchina has finished the 200 MW Guayepo III solar farm in northern Colombia, connecting it to the grid six days ahead of schedule for Italian utility Enel.

Chinese engineering group Power Construction Corporation of China (PowerChina) said it has carried out full grid connection of the 180 ...

The 23 MW project, constructed by PowerChina and supplied with JA Solar modules (headquartered in China), represents a milestone in renewable energy integration.

The Guayepo III Solar Plant in Colombia, built by POWERCHINA, connected its first power collection line to the grid on Aug 28. This achievement marks a pivotal phase in the ...

POWERCHINA currently has 10 photovoltaic projects under construction in Colombia, with a total installed capacity of 567 MW. In addition to driving the export of Chinese technology and ...

Powerchina ha terminado el parque solar Guayepo III de 200 MW en el norte de Colombia, conectando a la red seis días antes de lo previsto para la eléctrica italiana Enel.

Chinese engineering group Power Construction Corporation of China (PowerChina) said it has carried out full grid connection of the 180-MWac Guayepo III solar ...

PowerChina energizes Enel Colombia's 180-MWac Guayepo III solar farm six days early, fully grid-connecting new utility-scale capacity as the project advances toward ...

Through refined planning and scientific management, POWERCHINA ensured timely delivery and high construction quality. Guayepo III will generate approximately 183 ...

Chinese engineering group Power Construction Corporation of China achieved full grid connection of Enel Colombia's 200 MW Guayepo III solar facility on October 7, six days ahead of ...
