Does the port of Aarhus have a shore power plant?

The Port of Aarhus has an onshore power plant on its way to container ships, which will be the first of its kind in Denmark. And a new agreement stipulates that it must be supplied by Danish PowerCon. We are pleased that we can once again collaborate with PowerCon to establish a shore power facility.

What is a container ship facility in Aarhus?

The facility, designed specifically for container ships, will mark the first of its kind in Denmark and solidify the Port of Aarhus's commitment to green transformation. Under the agreement, Danish company PowerCon will supply the transformer station and power management system for the project.

Which European ports will offer shore power for container ships by 2030?

Ports in Aarhus, Gothenburg, Bremerhaven, and Stockholm will all offer shore power for container ships by 2030 as part of the "OPS Network" project. The project is supported by the EU fund "Connecting Europe Facilities" with a grant of 18.8 million euros.
