Where can I buy supercapacitors & ultracapacitor?

Please try again. Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

Which supercapacitor manufacturers does Mouser sell?

Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more. Please view our selection of supercapacitors and ultracapacitors below.

What is a compact supercapacitor?

Compact supercapacitor designs cater to niche markets with specific needs. Focus on miniaturization of supercapacitors for electronic devices and wearables. Engages in diverse technological solutions, including advanced energy storage products. Integrates supercapacitor technology into solar energy systems, improving energy efficiency.

What does a supercapacitor manufacturer do?

Manufactures capacitors with emphasis on supercapacitor technologies for electric applications. Manufacturing expertise ensures large production volumes to meet demand. Focus on R&D to enhance product efficiency and market adaptability. Contributes to the energy storage market with focus on supercapacitors and integrated solutions.

Explore the top 7 supercapacitor manufacturers that are leading the way in energy storage innovation. Discover industry leaders, cutting-edge technologies, and their global impact.

Get access to the business profiles of top 26 Supercapacitors companies, providing in-depth details on their company overview, key products and ...

This is a list of known capacitor manufacturers, their headquarters country of origin, and year founded. The oldest capacitor companies were founded over 100 years ago. Most older ...

Exxelia has developed a new Smart Integrated Magnetics solution designed for advanced power conditioning and distribution units (PCDUs) operating ...

A capacitor is a passive device on a circuit board that stores electrical energy in an electric field by virtue of accumulating electric charges on two close surfaces insulated from each other. This is a list of known capacitor manufacturers, their headquarters country of origin, and year founded. The oldest capacitor companies were founded over 100 years ago. Most older companies were founded during the AM radio era, which includes the World War II era and post war era. As the de...

Skeleton Technologies, founded in 2009, is a leading European manufacturer of ultracapacitors and energy storage systems.

This article profiles the top 10 global supercapacitor manufacturers providing state of the art ultracapacitor cells and modules catering to varying energy, power density and form factor ...

Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor ...

Exxelia has developed a new Smart Integrated Magnetics solution designed for advanced power conditioning and distribution units (PCDUs) operating in constrained and demanding ...

IOXUS Ultracapacitors can be charged from 0.0 VDC up to 2.7 VDC. HOW MUCH ENERGY WILL AN ULTRACAPACITOR PROVIDE (HOW LONG WILL MY APPLICATION RUN)? ...

Thanks to its strong experience in MLCC manufacturing, Exxelia extends its RF capacitors product offering by developing the three broadband series XBL, UBL and UBZ.

We offer a selection of electric double-layer capacitors (EDLCs), lithium ion capacitors, and miscellaneous types. A supercapacitor is a double-layer capacitor that has very high ...
