China-based Hithium will provide the battery energy storage system (BESS) technology to SolarPro for the project in the southwest town of Razlog, Bulgaria, which also ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

With four distinct R& D centers and multiple "intelligent" production facilities, Hithium's innovations include groundbreaking safety ...

Well, Bulgaria's literally putting energy storage inside boxes - submerged ones, that is. Over the past 18 months, engineers have deployed 47 modular container units in Lake Vacha, creating ...

China-based Hithium will provide the battery energy storage system (BESS) technology to SolarPro for the project in the southwest ...

Take the Stara Zagora Solar Park - their 50MWh lithium storage system reduced curtailment by 67% while earning EUR120k monthly through capacity auctions. Or consider how a Plovdiv ...

Batteries for home and industrial storage of renewable energy are starting to be made in Ruse, Bulgaria by the new factory of Bulgarian company Solar MD, which is among ...

Notably, conventional power plants have yet to implement battery storage systems, though TPP "Contour Global" and TPP "Bobov Dol" have submitted applications. The ...

Batteries for home and industrial storage of renewable energy are starting to be made in Ruse, Bulgaria by the new factory of Bulgarian ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery
